## Youth Symposium on One Health in Bangladesh

The Youth Symposium on One Health aims to foster collaboration, knowledge sharing, and innovation in the field of One Health. By bringing together experts, and students, the event will contribute to the development of sustainable solutions for complex health issues and promote the adoption of the One Health approach in Bangladesh. It is anticipated that the conference will inspire interdisciplinary cooperation and pave the way for future advancements in the field of One Health, ultimately leading to improved health outcomes for both humans and animals.

DAY 1

# YOUTH SYMPOSIUM ON ONE HEALTH IN BANGLADESH

# REGISTRATION

The Registration for the Symposium started at 9.00 AM. All the participants did the registration and received the logistic supports.

# WELCOMING GUESTS

# 01

# Recitation From Holy Books

The Symposium started with recitations from Holy Books of different Religions

# KEYNOTE SPEAKER

Our Keynote Speaker in the Symposium was Professor Dr. Farzana Islam Rume, Department of Microbiology and Public Health, Faculty of Animal Science and Veterinary Medicine, Patuakhali Science and Technology University (PSTU), Bangladesh. She discussed the leading issues of One Health including Antimicrobial Resistance (AMR), Zoonotic Diseases, Food Safety, Vector-borne Diseases, and so on.

# Special Guest

Our Special Guest was Dr. Nurul Alam, District Livestock Officer, Barisal, Department of Livestock Services, Bangladesh. He is also working with One Health for so many years besides his government services.

01

# FAQ Session

Participants were allowed to ask questions after completing each of the speaking modules

2023

# Session Speaker

Our main Session Speaker was Dr. Md. Ibrahim Khalil. He is a Senior Scientific Officer at Field Disease Investigation Laboratory, Barisal, Bangladesh. He talked about the epidemiology for solving several leading health issues through the One Health approach and scientific research

# Session Speaker 2

Abu Sayed, an accomplished student pursuing a Doctor of Veterinary Medicine at Patuakhali Science and Technology University, Bangladesh, served as the head of the prestigious One Health Think Tank at Food and Agriculture Youth Institute, Iaas World. In his thought-provoking session during the Symposium in Bangladesh, he delved into crucial topics such as zoonotic diseases, the intricate interplay between global climate and disease propagation, and effective strategies to control these diseases, thereby minimizing the risks of future pandemics. Abu Sayed also passionately shared the inspiring vision and dynamic activities of FAYI One Health Think Tank, reflecting their dedication to safeguarding public health and environmental well-being.

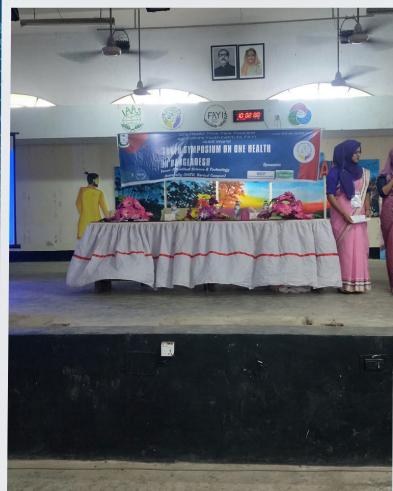

01

# CERTIFICATE DISTRIBUTION

All attendees who actively and consistently took part in the Symposium for its entire duration were conferred with participation certificates as a recognition of their diligent engagement and contribution.

2023

Finally, the Symposium was over with a beautiful lunch and snacks for all the participants including guests and invited professors

02

2 ND DAY

# PANEL DISCUSSIONS

2023 —

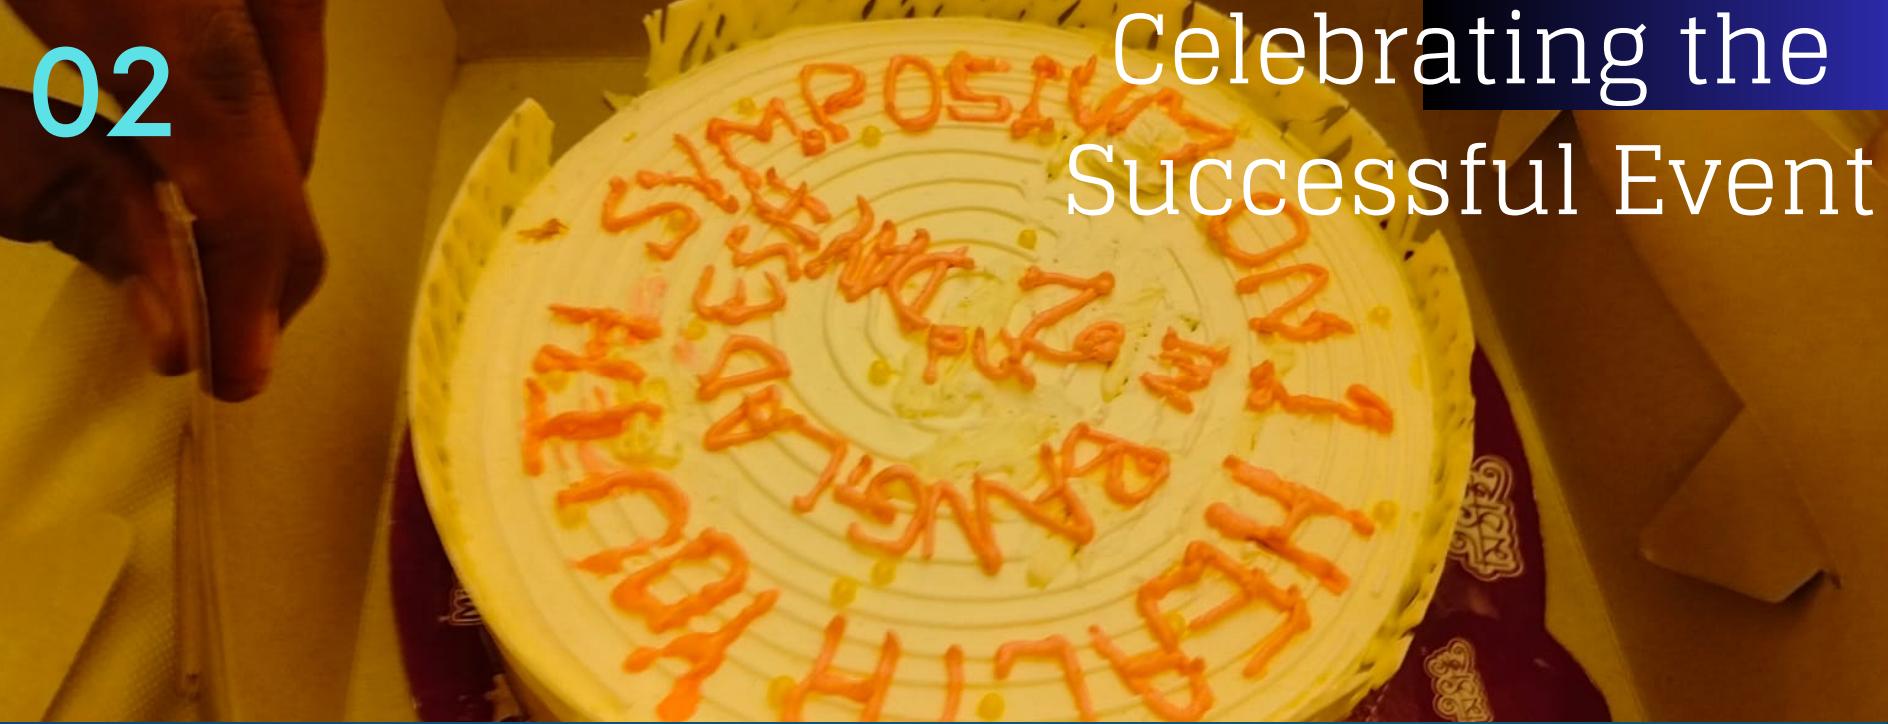

# PANEL DISCUSSIONS

On the second day, the panel discussion commenced, featuring enthusiastic participation from FAYI One Health Think Tank's volunteers and members. Together, they meticulously strategized the global One Health plans and programs while also exploring collaborative approaches with external institutions. This concerted effort aimed to enhance the efficiency of FAYI's activities and pave the way for a healthier world.

# ACKNOWLEDGEMENT

We extend our heartfelt appreciation to Food and Agriculture Youth Institute, IAAS, for their generous funding and support. Additionally, we would like to express our sincere gratitude to Dr. Nurul Alam, District Livestock Officer at Barisal, Department of Livestock Services, Bangladesh, and Professor Dr. A.K.M Mostafa Anower, Department of Microbiology and Public Health, Patuakhali Science and Technology University, Bangladesh for their valuable contributions and collaboration. Their involvement has been instrumental in making this event a success and advancing our mission in promoting One Health worldwide.

THE END
